## Big is Best, Grande is Greatest! La Casa Launches New Grande Bocconcini.

La Casa Del Formaggio's new product, Grande Bocconcini hits the shelves of Independent supermarket and gourmet outlets in April 2009!

Although everyone loves a little Bambini Bocconcini tossed straight into a salad, the trends are moving towards larger traditional sized Italian Bocconcini. Grande Bocconcini is one large 200g ball of fresh Mozzarella. Stored in brine, the cheese exhibits a delicate flavour and maintains maximum freshness.

Packaged in a convenient re-sealable tub, Grande Bocconcini compliments the La Casa Del Formaggio Bocconcini range and will sit alongside the Bambini (5g Balls), Cherry (10g Balls), Traditional (30g Balls) and Marinated Bocconcini products.

Grande Bocconcini is perfect slicing, layered with roma tomatoes, fresh basil leaves, drizzled with extra virgin olive oil, a dash of sticky balsamic and seasoned with salt and pepper to create a gourmet Italian Caprese Salad.

Grande Bocconcini is also ideal for tearing over Italian style pizzas. Some of the best pizzas are the most simple. A thin home made yeast pizza base with tomato sauce, fresh basil leaves, freshly sliced tomato, torn

Grande Bocconcini, Italian prosciutto and garnished with rocket and olive oil after cooking is a simple, yet delicious gourmet pizza idea.

La Casa Del Formaggio manufactures a range of premium quality Italian style cheeses and is all about Italian heritage and traditions. Grande Bocconcini is a perfect addition to the product range, try it today!
